DETAILED ACTION

This is in response to amendment filed on 3/17/05 in which claims 20-38 are pending.

1. This application is in condition for allowance except for the following formal matters:
2. The T abstract of the disclosure is objected to because delete title and the abstract are too short . Correction is required. See MPEP § 608.01(b).

Claim Objections

3. Claims 24, 34-35 are objected to because of the following informalities: in line 3, replace "the" with ---a--- before base band, respectively . Appropriate correction is required.
4. Claim 35 is objected to because of the following informalities: replace "the frequency of which" with ----which frequency----. Appropriate correction is required.
5. Claim 31 is objected to because of the following informalities: in line 1, after claim, replace "29" with ---30--- in order to avoid lack of antecedent basis. In line 2, Claim 31 recites "said second down-converter unit" but there is no such citation in claim 29. Appropriate correction is required.

Claim 36 is likewise objected because it depends on a base objected claim.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
